Hakuna, sweet little king of the Jungle

Sometimes cool, but also very gentle ... That's how this little king finds his way through the rain forest! A combination of trending colours, also used for the rainbow magnet boards, reminds us of the forest colours.

And of course, the Hakuna Mood Light Speaker gives that extra touch to this collection; best friend in the dark and favourite party animal!

miffy®

Thanks to a nice long collaboration with Mercis, the company behind Dick Bruna and miffy, Sophie is given the opportunity to develop unique products of this iconic figure. The purity of the miffy creations still conjures up a broad smile for young and old.

Simplicity and a pure line

The unique partnership with Mercis bv, the company who manages and protects Dick Bruna's business interests, gave us the opportunity to work with miffy. The first range of Wall Art items are refined into polished and lacquered wood, ready to make a statement against the wall. As 'mood light' they make the environment shimmer in indirect and dimmable LED light.

This unique miffy 'wall art' has been completed with a range of characteristic rabbit's ears and magnetic boards in lasered, powder coated metal. These can be styled with or without picture holder or can be hung.

100% Made in Belgium

Miffy was blowing out 65 candles in 2020 and we at Atelier Pierre were celebrating this occasion with a new miffy Peek-a-boo collection entirely designed, developed and manufactured in Belgium. Thanks to the sleek, minimalist style of this range, it breathes new life into the miffy narrative.

'100% Made in Belgium' translates the story of miffy into contemporary design objects whose design language gives a unique touch to both the nursery and living spaces.

Who else than this very cute little bunny behind her booklet could inspire more kids to be enthusiastic about reading!
